## OBJECTIVE STATEMENT

Motivated and responsible Grade 11 student enrolled in the International Baccalaureate (IB) program, seeking a part-time position in a retail store to gain valuable work experience and develop customer service skills. Available for after-school and weekend shifts.

---

## SKILLS

Mathmatics  
Physics  
Communication

Teamwork  
Organization  
Technology

Team leadership  
Time managment  
Fast paced learning

---

## EXPERIENCE

### Tutoring club

Sep 2023 - Present

#### Math and Physics tutor

By maintaining a 95+ average in mathematics and physics courses I was able to help students through this club, who were struggling with these tricky subjects. By teaching students I also began to develop better conceptual skills.

### Yard worker

Seasonal

#### Self employed Yard work

Did service around the neighborhood. I made money raking leaves, shoveling driveways, and mowing lawns. Work requires physical strength and endurance. It taught me the value of hard work and what is required of you when someone trusts you to do a job.

### HIA Summer camp

Aug 2021

#### Camp counsler

Working at a summer camp taught me strong interpersonal and communication skills. Work was physically demanding and involved lots of chairs and table settings

---
